

# Community Infection Prevention and Control

## Policies for Care Home settings

---

**Objective:** A comprehensive range of documents which can be adopted as Policies, specifically for Care Home settings, produced by an experienced NHS Community Infection Prevention and Control team. This folder has been developed to help your organisation with CQC requirements and achieve compliance with *The Health and Social Care Act 2008: Code of Practice on the prevention and control of infections and related guidance*. All guidance documents contain up-to-date national guidance and evidence-based practice.

**Overview:** Available to download free of charge or can be purchased in an A4 size ring bound folder, containing 29 infection prevention and control Policies including:

1. Animals in a care home setting
2. Aseptic technique
3. Blood-borne viruses
4. Care of the deceased
5. *Clostridioides difficile*
6. Creutzfeldt-Jakob disease
7. Enteral tube feeding
8. Hand hygiene
9. Invasive devices
10. Isolation
11. Mattresses and pressure relieving cushions
12. MRGNB including ESBL and CPE
13. MRSA
14. Outbreaks of communicable disease
15. Patient placement and assessment for infection risk
16. Personal protective equipment
17. Respiratory and cough hygiene
18. Safe disposal of waste
19. Safe management of blood and body fluids
20. Safe management of care equipment
