There are now over 285,000 Workbooks from our range that are being used by staff working in health and social care settings, including Councils across the country such as Cumberland, Westmorland and Furness, Devon, North Yorkshire and York.

After 12 months from your original order for the Workbook, you will be able to purchase a new set of questions for staff to use with their original Workbook. This is helping to provide a cost effective means of ensuring staff receive their annual IPC training for a second year. The cost for this new set of questions would be £1.00 per member of staff and you would receive a new Question sheet, Answer sheet (for manager's use) and Certificate.
